2017–2018 Academic Year

FINANCIAL INFORMATION FOR PARENTS & FAMILIES

A Guide That Will Help You Manage Your Investment in a Washington University Education
DEAR PARENTS AND FAMILY MEMBERS:

Congratulations on your student’s admission to our Class of 2021!

What an exciting time this must be for your family! It's also a time when you'll be considering many important decisions. Thinking about the costs associated with college can be overwhelming, so we're here to ensure that you can focus on the exciting adventures ahead instead of worrying about finances.

You and your family have a number of options when it comes to financing a WashU education. The programs described in this booklet demonstrate some innovative approaches we've taken to develop the most family-friendly financial solutions.

We also take pride in our individualized service to you. Once you have looked through our options, please give us a call! Student Financial Services is here for you — ready to answer your questions and discuss the plan that will work best for your family.

Our flagship program, Partners in Education with Parents (PEP), gives families several options to cover tuition, activity fee, housing costs, and meal plan. Using the PEP Multiyear Option, you may borrow what you need for all four years at once, prepay all four years, or combine these two options. If you choose a multi-year option, a portion of your charges for up to four years will be frozen at the entering year rate. You may also borrow what you need one year at a time using the PEP Annual Option. Another option is our interest-free Installment Payment Plan which allows you to spread each year’s tuition and fees over equal monthly payments.

Much excitement awaits your son or daughter over the next four years at WashU. Take a look through this booklet to learn more about your choices, then let us know if you have questions. We look forward to working with you to ensure a smooth financial transition to WashU!

Sincerely,

Michael Runiewicz
Director of Student Financial Services
Table of Contents

Since 1978, Washington University has been a pioneer in developing creative payment choices for parents. We work closely with our students and their families to continually improve our Partners in Education with Parents (PEP) program, and we provide what we believe are the most attractive set of payment options in American higher education.

TUITION AND FEES

Tuition ......................... $50,650
Student Activity Fee .............. $508
Student Health and Wellness Fee ... $375*

*Washington University has a student health and wellness fee designed to improve the health and wellness of the entire Washington University community. The fee of $375 is billed half in the fall and half in the spring.

In addition, to protect the health of our entire community, the university requires all full-time degree-seeking students to have health insurance. The Washington University Student Health Insurance Plan is billed to the student in the fall semester. To opt out of the plan you must prove that you have adequate coverage through another plan by September 5. For more information about the plan, as well as instructions for obtaining a waiver through proof of adequate coverage, visit the Student Health Services website at shs.wustl.edu.

*Not available for first-year students
All Washington University undergraduate students subscribe to meal plans that can be used at any dining facility on campus. These plans are described in detail at diningservices.wustl.edu.
PEP Multiyear, Prepay, and Combination Options

MULTIYEAR*

The PEP Multiyear Option allows you to **borrow one initial amount** at the start of your student’s entering year to cover all or a portion of four years of tuition, activity fee, and room and board. This option freezes the charges covered by PEP at the entering-year rate. You can benefit from our competitive, fixed interest rate of 5.5 percent per year on the balance of the loan and take up to 10 years to repay. There is no penalty for prepayment.

Your monthly payments will depend on the amount you borrow. The accompanying table shows monthly payments for sample amounts borrowed. You may consider using the PEP Prepay Option to prepay part of the charges, which will reduce your PEP Multiyear monthly payments while taking full advantage of the cost-saving benefit.

PREPAY*

You may choose to **prepay, without borrowing** from Washington University, all or part of the tuition, activity fee, and room and board charges for multiple years — up to all four undergraduate years — at the entering-year rate. This option assures families that the prepaid portion of college expenses is covered and will not be subject to later increases in university costs.

In order to receive the benefits of this option, you must complete a PEP Application, and select the “Prepay” option.

PEP Annual Option

COMBINATION*
You can also choose to **prepay a portion** of the charges with the PEP Prepay Option and **borrow the rest** from Washington University through the PEP Multiyear Option. Combining the PEP Multiyear and PEP Prepay Options works well for parents who may have saved for some or most of their student’s college expenses and who also want to take full advantage of the cost-saving benefit by using PEP to finance the remaining charges.

YOUR PEP PARTICIPATION RATE
If you borrow, prepay, or use the combination option to plan for all costs for all four years, your PEP Participation Rate is 100 percent. This means 100 percent of future years’ costs will be covered at the entering-year rate (provided you select the same housing and meal plans).

If you use PEP to cover only a portion of your costs — for example, costs that are not covered by financial assistance — your PEP Participation Rate will be less than 100 percent. You can calculate your PEP Participation Rate and participation amount using the *Financial Planning Comparison Worksheet* in the “ Newly Admitted Students/Payment & Financing Options” area of our website at [sfs.wustl.edu](http://sfs.wustl.edu).

Your participation in PEP can be modified at any time without penalty. For example, if your son or daughter lives in university residential college housing as a first-year and sophomore, then chooses to move to an apartment in the junior year, your PEP Participation Rate can be adjusted. You can choose to reduce the plan by the unused room and board, adjusting the principal and interest on the loan.

**ANNUAL**
If you prefer to **borrow for college costs one year at a time**, then our PEP Annual Option might be your best choice. Each year, you can borrow up to the cost of that year’s tuition, activity fee, and room and board charges, and take up to 10 years to repay. There’s no penalty for prepayment, and you will benefit from our competitive, fixed interest rate of 6.5 percent per year (for the 2017-2018 academic year).

If you decide to borrow in the second, third, and fourth years of your student’s undergraduate education, the amount borrowed and the monthly payments would, of course, increase. The *Financial Planning Comparison Worksheet* at [sfs.wustl.edu](http://sfs.wustl.edu) shows sample monthly payments with the annual option.

**ANNUAL OPTION FEATURES:**
- Benefit from a competitive, fixed interest rate for each annual loan. Loans made for the 2017-2018 school year will have a fixed interest rate of 6.5 percent per year.
- Take up to 10 years to repay each annual loan with no penalty for prepayment.
- Works well for families who want to benefit from lower monthly payment in the near term, who are unsure of their needs in future years.

*The Multiyear Option, the Prepay Option, and the Combination Option require participation of two, three, or four years. Only the Annual Option provides the ability to borrow one year at a time.

ADDITONAL FEATURES OF BOTH PEP MULTIYEAR AND ANNUAL OPTIONS

• We do not require security or collateral.
• We do not charge origination fees.
• We require you to have a good credit rating, and we make a judgment about your ability to handle your monthly payments. In the Annual Option, we will ask you to provide updated credit information for each year that you borrow.
• Families of international students may participate with a credit-worthy U.S. citizen co-applicant. Proof of co-applicant citizenship and additional documentation may be required. Contact our office for details.
• Prepayments on the loan may be made at any time without penalty.

TO BORROW
Apply online at sfs.wustl.edu or complete the application on page 11.

TO PREPAY
Apply online at sfs.wustl.edu or complete the application on page 11.

APPLICATION DEADLINES
We encourage early application, preferably by June 1. Later applications are also acceptable; however, keep in mind that unpaid university balances are subject to a late fee. Applications for the Multiyear, Combination, and Prepay Options will not be accepted after November 30. Prepayments must be received by December 15, 2017.
**STUDENT ACCOUNT BILLING**

The fall semester billing statement will be available in WebSTAC beginning July 1, 2017. The due date is August 21, 2017. The spring semester billing statement will be available beginning December 1, 2017, with a due date of January 22, 2018. A billing statement of student account activity will be generated on a monthly basis. A 2-percent late fee will be applied each month on any unpaid balance. Students can view their student account at any time by selecting “Billing & Bear Bucks/Account Inquiry” in WebSTAC.

Incoming students will be invited to activate their WUSTL Key and sign in to WebSTAC by June. In WebSTAC, students can select “Billing & Bear Bucks”/“Pay/View My Bill” to authorize others to view and pay their bill online. Once invited by the student, parents can log in to view billing statements, make payments, or select available “Installment Payment Plan” options.

During the online enrollment process, you will create a unique username for your parent/other user required to manage your account online. Your parent/other user can then use the CASHNet ebilling portal to view your account status, payment history, and online statements; make payments; schedule future one-time and automatic payments; and renew your account.

**INTEREST-FREE MONTHLY INSTALLMENTS**

The Installment Payment Plan, administered by CASHNet, allows families to spread all — or part — of the semester expenses into convenient monthly payments.

The Installment Payment Plan is flexible and convenient. Each month, you may send a check or arrange to have payments automatically deducted from your checking, savings, or credit card* account. The Installment Payment Plan allows you to enroll, manage your account, and make payments online, 24 hours a day.

**FEDERAL DIRECT PARENT LOAN FOR UNDERGRADUATE STUDENTS (PLUS)**
Through the federal government’s PLUS program, parents can borrow up to the student’s cost of education, less financial aid awarded to the student. No demonstration of financial need is required. The fixed interest rate and origination fee are set by the federal government in June each year. Borrowers have several repayment options, including a deferred-payment option while the student is in school. The student must also file a 2017-2018 Free Application for Federal Student Aid (FAFSA), which you can complete online at [fafsa.gov](http://fafsa.gov).

**FEDERAL DIRECT STUDENT LOAN (UNSUBSIDIZED)**
Federal Direct Loans (Stafford) are federally regulated student loans. Students who do not demonstrate financial need may wish to borrow through this program.

Federal Direct Loan eligibility is $5,500 in a student’s first year, $6,500 for sophomore year, and $7,500 per year for juniors and seniors, based on credit hours earned.

No repayment of principal is required as long as the student is enrolled at least half time in an accredited college or university (including graduate or professional school). Students borrowing an unsubsidized Federal Direct Loan are responsible for interest while in school. Interest may be paid or capitalized, as agreed by the borrower and the Federal Direct Loan program. The fixed interest rate and origination fee are set by the federal government in June each year. The student must also file a 2017-2018 FAFSA, which can be completed on the web at [fafsa.gov](http://fafsa.gov).

*Future years’ financial assistance is the same for all four years in this example in order to highlight the beneficial impact of PEP participation. The sample uses $50,650 for tuition, $508 in activity fee, $10,982 for a double room, and $5,024 for a meal plan. Refer to the university charges listed on page 1. ## Loan Interest Rates and Terms

The PEP Multiyear Loan carries a fixed interest rate of 5.5 percent. The PEP Annual Loan carries a fixed rate of 6.5 percent. Both loan options carry a 10-year repayment period. Interest will accrue from the beginning of the repayment period. Payment begins immediately, and payments may not be deferred.

## Loan Fees

There are no origination fees, guarantee fees, or repayment fees associated with either loan. The loan does not require security or collateral. A $10.00 fee will be assessed for late payments.

## Federal Loan Alternatives

You or your child may qualify for Federal education loans through the Direct Loan program. For additional information, contact Student Financial Services at (888) 547-6670 or (314) 935-5900. The Department of Education provides information at [studentaid.ed.gov](http://studentaid.ed.gov).

## NEXT STEPS

1. Find out about other loan options. For additional information, contact Student Financial Services at (888) 547-6670 or (314) 935-5900.

2. Apply for the PEP Loan. You can apply online at [sfs.wustl.edu](http://sfs.wustl.edu), or complete the enclosed application and return it to the address on page 7. If you are approved for this loan, the loan terms will be available for 30 days (terms will not change during this period, except as permitted by law). Applications for the Multiyear option will not be accepted after November 30, 2017.

3. Completion of Installment Agreements. Upon loan approval, you will be sent the following documents: A letter from the university, a Loan Installment Agreement, a Private Loan Borrower Self-Certification Form, and a self-addressed envelope. You will be asked to carefully read the Installment Agreement. The loan terms will be available for 30 days (terms will not change during this period, except as permitted by law). Please sign the Installment Agreement and the Borrower Self-Certification form, and return them in the envelope that is provided. Funds cannot be applied to your student’s account until both documents are received and recorded in our office.

## Reference Notes

Eligibility Criteria: This program is designed to provide financing options for parents/legal guardians of undergraduate students at Washington University. Borrowers must have a good credit rating. A co-signer may be required if credit criteria are not met. The Annual Loan option requires a credit check for each year an application is received.

Bankruptcy Limitations: If you file for bankruptcy, you may still be required to pay back this loan.

Loan Prepayment: You may prepay the loan at any time without penalty.
Please read the Partners in Education with Parents (PEP) information before completing this application. We encourage early application. Submission of the PEP application does not mean you are obligated to accept the loan. International families must have a U.S. citizen co-applicant (see page 4). Applications will be processed in the order received.

If you are using the Prepay option, complete only the shaded sections. If you borrow or select a combination, complete the entire application.

Is there any aspect of your financial situation that, in your judgment, may adversely affect your ability to repay your PEP loan? If so, please explain on a separate sheet of paper. (Examples: suits, judgments pending, guarantor of someone else’s debt, adverse credit rating, etc.)

The USA Patriot Act of 2001 (Section 326) requires us to obtain, verify, and record information that identifies each person who receives a loan from our institution. The information we are required to collect prior to approving your loan includes your full name, date of birth, and permanent address. Federal law also permits us to request additional identifying information and documentation, such as a social security number, to verify your identity in connection with this application.

If you have selected the PEP Multiyear or PEP Annual Option, your signature authorizes Washington University to obtain a credit report to verify the information you have provided on this application.

Frequently Asked Questions

This is hard to understand. What should I do?
Use the Financial Planning Comparison Worksheet at sfs.wustl.edu to get an idea of the monthly payments for each program based on your family’s situation. Still have questions? Call us. We can help.

What is the interest rate for the Installment Payment Plan?
There is no interest. Only an administration fee of $40 per semester will be charged.

Is it possible to use the PEP plan for some of our expenses and the Installment Payment Plan for the rest?
Yes. Let us know what you have in mind, and we will design the right combination for you.

What if my college savings do not cover all of what I need?
You can choose to prepay a portion of the charges with the PEP Prepay Option and borrow the rest from Washington University through the PEP Multiyear Option. This Combination Option allows you to take full advantage of the cost-saving benefit by maximizing your PEP Participation Rate (see page 3 for details).

Does a PEP loan have an origination fee or any other fees?
No.

What is the maximum amount I can borrow under the PEP plan?
You can borrow the cost of tuition, activity fee, and room and board, less financial assistance (scholarships, student loans, etc.).

Can I pay my PEP loan back in fewer than 120 months?
Yes. We can arrange your PEP loan to be repaid for any number of months. There are no prepayment penalties.

How does freezing tuition, activity fee, and room and board work under the PEP Multiyear and Prepay Options?
You can freeze the costs of tuition, activity fee, and room and board charges for four years at the entering-year rate. The percentage of total charges frozen is equal to your participation rate in the PEP program. To calculate how much of your costs can be frozen in this way, use the Financial Planning Comparison Worksheet at sfs.wustl.edu.

Under the PEP Multiyear Option, can I finance fewer than four years’ expenses?
Yes. With the Multiyear Option, you can finance two, three, or four years of educational expenses. Use the PEP Annual Option to finance one year at a time.

If I choose the PEP Annual Option in my student’s first year, can I still apply for the PEP Multiyear Option in future years?
Yes, you may apply for the PEP Multiyear Option at the beginning of your student’s sophomore or junior year.

What happens to my PEP room and board coverage if my son or daughter moves off campus?
We can send you a check for your room and board coverage at the beginning of each semester so you can pay for off-campus rent and food. Or, we can reduce the plan by the unused number of semesters for room and board, adjusting the principal and interest on the loan.

What happens to my PEP loan or prepayment if my son or daughter decides not to return to Washington University after a year or two?
You will not be penalized — you will be responsible only for the semesters your son or daughter was enrolled. If you have a PEP loan, we reduce the plan by the unused semesters, which reduces your principal and interest balances. If you have prepaid, you will be refunded at your initial investment rate for the number of unused semesters.

Can I get help to decide which plan is best for my family?
Yes. Call one of our counselors toll-free at (888) 547-6670.
